

Visits:

Young Shakespeare Company: we are lucky enough to have the Young Shakespeare Company coming to enthuse and inspire the children.

PE:

Developing and enhancing skills during athletics and bat and ball games

Art:

Investigating and exploring the work of Jackson Pollock and using his work as inspiration for our own (messy) creations.

Mathematics:

Using and applying the skills and concepts to a selection of topic related problems.

Geography:

Looking the Arctic and Antarctic and how flora and fauna have adapted to survive.

SUMMER: A POLAR PURSUIT, PANDEMONIUM WITH POLLOCK AND THE POWER OF PERFORMANCE

ICT:

Using Revelation Nature Art will be creating Jackson Pollock.

We will also be using the internet as a resource tool and discussing the reliability of websites and the information they contain.

English:

Applying topic knowledge to write in different forms and for audiences including information texts and stories from other cultures.

We will also be looking at play scripts focussing on Shakespeare and his works

Science:

Continuing to apply knowledge gained in Geography to develop a deeper understanding of the interactions between living things and their habitats.

Developing an understanding of materials including defining solids, liquids and gases based on their properties.
