

SCIENCE

This term we will be starting off with Forces and learning about gravity then we will begin our Space topic with a focus on the Moon phases.

FRENCH

We will now be focusing on sentence level work both through role-play and written exercises

PSHE

This term we will be starting with settling in and belonging then we will learn about being involved within a community.

MUSIC

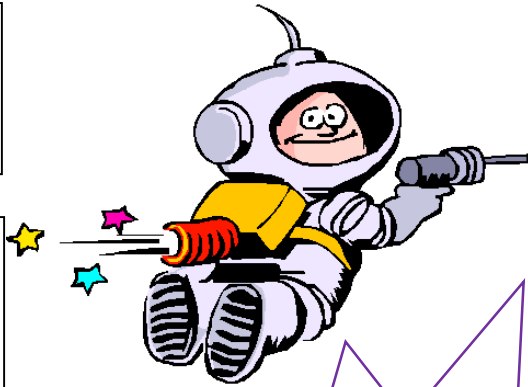

We will be learning about the dynamics of sound and then creating rhythmic patterns and musical pieces linking to Space.

ICT

This term, we will be using the internet as a research tool to create a publication and we will also be learning how to use the programme: Flowol.

PE

Our Outside PE will be Hockey and Netball and our Inside PE will be Body Balancing incorporating equipment.

Year 5 Autumn Topic Web

HISTORY

Our topic this term is the Changing Power of Monarchy. Through this we will encounter a range of sources, analysing the reliability of these and deciding why certain monarchs were powerful.

As part of this, we will visit Hampton Court Palace in London to launch the unit.

GEOGRAPHY

We will be learning about the continents of the world and the northern and southern hemispheres, we will also learn how the world is split up into time zones.

ART

In art we will be creating sculpted portraits of monarchs linking to our History topic.

DT

We will be looking at architectural structures with a focus on bridges and how they have developed over time. We aim to create a prototype of a bridge that would be strong enough to allow children to walk over the school pond.

RE

We will be learning about the Jewish faith with a focus on a sense of belonging.
