

SCIENCE

We will be focusing on Light and Dark where we will explore shadows and how we can reflect light. This will be linked with English units.

We will apply our knowledge to create our own shadow puppet shows and writing playscripts to go with them.

COMPUTING

This term we will be using Google to research Hartley Wintney while also thinking about keeping safe on the internet.

P.S.H.E

We will be following the 'Friends' programme and working on strategies for building our confidence and resilience. We will also teach children strategies for dealing with friendship issues.

DESIGN TECHNOLOGY

We will be making shadow puppets to link with our English unit. We will also have the Warburtons sandwich team visiting us and helping us design and make a healthy sandwich.

GEOGRAPHY

This term we will be undertaking a geographical study of Hartley Wintney in which we will be exploring settlement types, investigating land use in the village, looking at the services provided in the village and producing our own Tourist Guide for visitors to Hartley Wintney.

Year 3 Topic Web Spring 2018

MUSIC

The children will be working on using un-tuned percussion instruments to compose and play their own compositions to accompany a story.

During the first half of Spring term, our topic is 'The Dark'. This links our science, DT, English and music work. In the second half of Spring, we move to a geography topic, based on the book, 'A Walk in London' by Salvatore Rubbino.

R.E

As part of Hampshire's curriculum for schools we will be exploring the life and teachings of Jesus and investigating what Christians believe about Easter. We will also be focusing on the role churches play in religions.

P.E

In gymnastics we will be learning to control our bodies to jump and move in time to some music. We will also be investigating ways of balancing on different body parts. In games we will be working at passing and catching in team games.
